Risk and Reward Profile

Lower risk Higher risk

← Typically lower rewards Typically higher rewards →

- Category 1 does not mean a risk free investment.
 - The risk indicator for the Fund is set at 7 because of the high level of discretion of the Manager, the proposed investment in securities associated in the past to have a high risk level and the Fund’s use of derivatives for investment purposes.
 - The Fund’s volatility has been assessed as high.
 - The value of your investment may go up as well as down.
 - The risk category was calculated using simulated historical performance data and it may not be a reliable indicator of the future risk profile of the Fund.
 - The risk and reward profile shown is not guaranteed to remain unchanged, and this categorization may shift over time.
- The Fund is also subject to the following risks which are not included in the calculation of the risk-reward indicator:

Credit Risk: The Fund may incur in a high level of credit risk as up to 100% of NAV may be invested in below investment grade debt securities.

Counterparty Risk: The Fund may be exposed to losses if the counterparty to a repurchase/reverse repurchase agreement does not fulfil its obligations to the Fund.

Operational Risk: There may be risks associated to the safekeeping of the assets by the Depositary and sub-custodians.

Liquidity Risk: Certain investments are less liquid than others and may be more difficult to buy or sell in a timely fashion.

Financial Techniques: The Fund may invest in a wide range of UCITS permissible securities and markets and may use derivatives for hedging and investment purposes which may increase the risks associated with the investment, adding counterparty risks, market risks and liquidity risks. Factors such as the use of derivatives for investment purposes and the investment in securities associated in the past to high risk level make that, the expected maximum limit of annual volatility of the Fund’s performance, calculated, recommends to categorize this Fund within scale 7.

A more detailed description of the risk factors that apply to the Fund is set out in the “Risk Factors” section of the Prospectus.
